

## Recognition of Service – Student

Rebecca has been diligent and committed since joining WAOTA in 2019. She has been proactive in helping to provide great quality presenters for the student professional development sessions. Rebecca stepped up from the role of treasurer in 2020 into the role of president of the WAOTA Student Committee in 2021, without vice president experience and with a dwindling student committee as committee members progressed to graduates. She rebuilt the student committee and organized the activities required with great skill and dedication, ensuring all was in order and making tough financial decisions to ensure that the budget wasn't stretched or strained. Rebecca took part in raising money for the Saba Rose Button foundation. She encouraged the committee to take part in May-tivation to raise \$575. Additionally, her proactiveness attracted 45 new memberships in 2 days for WAOTA. The Recognition of Service award goes to Rebecca Anderson for her contribution to WA Occupational Therapy
